

International Symposium on Audiological Medicine (ISAM)

Autonomous Institute of Health Sciences, Chandaka, Bhubaneswar - 751024

Poster presentation guidelines

Specifications for poster presentation

1. Each submission will be assigned a dedicated space to display their poster. Please check your display space number on the final program schedule which will be released soon.
2. The recommended poster size is A0 (4 feet x 3 feet).
3. Include the title, names and affiliations of the primary author and co-authors and funding details of the project (if any).
4. It is recommended to have the following sections on the poster: Introduction, Aims, Methods, Results, Discussion, Conclusion & References (in short).
5. Please print your poster and bring it along with you to the conference venue. No printing services are available at the venue.
6. Double-sided poster tape will be provided by the organising team to stick and display your poster at the designated space.
7. Please be available at your poster during the judging session.

Suggestions and tips for designing posters

1. Include relevant and minimum text on the poster. The content in the poster should be readable at least from 2 feet.
2. Maintain a balance between text, graphics and white space. "White space" is your best friend when designing a great poster!
3. Use charts and graphs to display results.
4. Use high resolution pictures.
5. Use a maximum of 2-3 fonts.
6. Use a maximum of 2-3 colours.
7. Use consistent margins, spacing, colours and fonts.
8. You may wish to carry A4 size copies of your poster to share with other professionals attending the conference.

Happy designing!!

We look forward to welcoming you at ISAM ☺
